About

Empress Furniture

Empress Furniture Ltd is a distinguished name in Tanzania's furniture industry, with a rich history that spans generations. Established in 2001, the company has its roots in a family business that began in the 1960s under the Tapyas brand in Dar es Salaam, and later expanded internationally with Najmi Furniture in Sharjah, UAE, in 1975. Bringing back their vast international experience, the family launched Empress Furniture, based in the iconic Empress Cinema building in Dar es Salaam.

Empress Furniture is now proudly a woman-owned and woman-run business, recognized for its innovative furniture designs and commitment to sustainability. The company has received several awards, including the prestigious Rising Woman Award and recognition in the Tanzania's Top 100 Mid-Sized Companies for six consecutive years. Empress Furniture's legacy is built on quality craftsmanship, attention to detail, and a deep connection to the community.
